

COMPANY H BALL TOSSERS TROUNCE G CLUB 7 TO 6

The ball club of Company G of the Twenty-second Infantry went down to defeat before Company H at the Warren Park yesterday by a score of seven to six. Banks, the regimental third sacker hurled for the victors as did also Knight, while Hlas went the seven innings for G. Other regimental players also strengthened Company H. The lineup of the two clubs is as follows:

Company G—Waltam, 2b; Pifer, rf; Regan, 1b; Michaels, ss; Quirk, lf; Ringelstein, cf; Hayes, 2b; Hlas, p, and Maxwell, c.

Company H—Shoemaker, lf; Murray, ss; Smith, c; Banks, p, and 3b; Erickson, cf; Mergher, rf; McLouklm, 2b; Summers, 1b; Knight, p. Miller was official coacher. The score by innings:

Company H 200 302 0-7

Company G 020 000 4-6

Games are being played at the park every day between some teams of the regiment and District of Columbia guards, the ultimate victors winning a handsome silver cup.

WAR SUMMARY

(By Review Leased Wire)

Reset by British on the west and French on the east, Comblès, in the Somme region is on the verge of capture.

With the British firmly established less than a mile from the western outskirts of the village, the French, a mile to the east of it, have driven the wedge in further and captured Le Prieux farm. The farm was taken by assault.

Along the Peronne-Bethune road to the north and south of Bouchavines, the Germans, according to Paris, have vainly attacked the newly won French positions in the hope of regaining their transport line to the north.

Except for reciprocal bombardments and a slight advance by the French by means of bombing attacks near Beolloy-en-Santerre, south of the Somme, the situation elsewhere on the front in France and Belgium remains unchanged.

Teutonic allies are continuing their advance on the Dobrudja sector of Rumania, according to Berlin and Sofia. In Transylvania, Rumanians have attacked west and east of Hermannstadt, but were repulsed, says the Vienna war office.

In the Carpathians, Russians attacked at Smotrec, Ludoca and Kapul. Their efforts to drive forward, however, were repulsed with sanguinary losses, according to Vienna. On the Macedonian front heavy fighting has taken place but with the results belated. The Serbs in the Lake Ostrovo region are declared by Paris to have made appreciable progress while both Berlin and Sofia mention gains for their side. In the Dolrain region the British have taken a position on the top of Mucukove.

Although it had been stated previously that the Greek forts at Kavala were evacuated by the Bulgarians, Berlin says they are all in the hands of the Bulgars and the Greek troops

STEAMER CONGRESS BURNS AND SINKS

(Continued from page 1)

weird. The heavy smoke of the burning vessel obscured her from sight at several points along the beach but those who went to the lighthouse had an unimpaired view. Several small boats were coming down the bay and they were lost to sight as they entered the smoke which hovered over the burning ship.

At 7:15 the Michie pulled away, giving those on shore the impression schooner Simpson was too late to assist and the Tillamook stood by after the Michie departed.

Rescue Well Done.

In transferring the passengers and crew only one man fell into the water and he was rescued without injury. Mrs. Margaret Reig of St. Louis, Mo., who was very ill, was transferred carefully from the Congress to the Michie. All the passengers and most of the crew went ashore at North Bend, where they are being cared for.

MARSHFIELD, Sept. 14.—The dredge Michie docked at North Bend, near here tonight with all the passengers from the steamer Congress. Not a life was lost nor a single person injured.

New, Cost a Million.

SAN FRANCISCO, Sept. 14.—The Congress, which was built in 1913 at Camden, N. J., at a cost of \$1,250,000 is a steel steamer of 7,385 tons, 324 feet long and 55 feet beam. She is the finest vessel on the run between San Francisco and Seattle.

MARSHFIELD, Sept. 14.—Two miles off Coos Bay bar which is 25 miles off shore, the Congress was forced to come to a stop and cast anchor. Had the dredge Michie not been working on the bar when the Congress approached Coos Bay a tragic catastrophe probably would have occurred. The Michie came close alongside the burning ship almost immediately after the latter cast anchor.

Men and women, chocking in the smoke, endeavored to pile into the life boats. The crew, however, under the direction of Captain N. E. Connors, remained in control of the situation and were assisted by the more self possessed of the passengers. Women cried hysterically, but there was no panic. Seven life boats were lowered and women and children were put into them without disorder. In the transfer of those aboard to the Michie only one mishap occurred. Chas. Joughin, who was a banker on the Titanic when that vessel went down and who held the same position on the Congress, fell into the water while attempting to enter a life boat. He was picked up without having been injured.

The liner soon was wrapped in a fiery mantle.

Abandoned to her fate the Congress drifted toward the spit, the entrance to Coos Bay, lighting the sky for miles around. At a late hour tonight she was still adrift and burning fiercely. Considering the rapidity with which the fire on board spread, the safe transfer of all on board is considered to have been remarkably fortunate.

The quick appearance of the Michie and a calm sea were the principal factors in the saving of all on board. The cause of the fire, which originated in the stowage near number 2 hold, may never be determined.

CHURCH FRAUDS TARGET OF "DRYS"

Frauds Because They Vote for
G. O. P. and Democrats,
Explain Speakers to Seattle
Audience.

(By Review Leased Wire)

SEATTLE, Sept. 14.—Less partisanship and more fighting spirit is needed by foes of the saloon to make the United States dry. Prohibition campaigners aboard the coast to special told audiences here today and tonight.

"There is too much Charlie, and not enough real red blood in this campaign," J. Frank Hanly, the Prohibition candidate, declared.

"The only reason we want vote the nation dry this year," Dr. Ira Landrith, the vice presidential candidate said, "is that a lot of old church frauds are too good Democrats or Republicans to vote the Prohibition ticket."

Assaults Hughes.

Mr. Hanly devoted much of his attack today towards Charles E. Hughes and Charles Warren Fairbanks, assailing the latter in the conference meeting as a "Canada dry" and a United States "wet." Hughes says President Wilson has done badly. Mr. Hanly said, "but he does not tell you how he will do good. He is asking the people to give him a signed blank check to be filled out at his leisure."

MORE BOOTLEGGERS ARE SENTENCED IN TOMBSTONE

Sheriff Has One Suspect Under
Arrest in Connection
With the Recent Attempted
Train Robbery.

TOMBSTONE, Sept. 14.—(Special)

—There was nothing doing for the jury in the superior court this morning, although they reported back for duty. The case that was set for trial went over, as the defendant came in and entered a plea of guilty. Andy Carpenter, who pleaded guilty a few days ago, came into court and was sentenced to serve a term of three months in the county jail and to pay a fine of \$300. The fine was paid at once. George Pettijohn was sentenced to serve a term of three months and 24 days and to pay a fine of \$372, which was paid. Oscar Walters, of Garden Canyon, came into court and changed his plea of not guilty to guilty and was sentenced to serve a term of twenty days and to pay a fine of \$75. When Carpenter and Pettijohn came into jail they were given a rousing reception by the Bootleggers' Union and they managed to find room for them, although a "No Room" sign had been hung out. It is expected that they will be given a banquet on Sunday next in honor of their arrival. The usual menu of chicken with dumplings, shoe string potatoes, etc., will be on the bill of fare. The Union is getting ready to go out on the road and they have secured overalls and several pairs of gloves each.

One Suspect in Jail.

Sheriff Wheeler has returned to the vicinity of Apache and the Chiricahua Mountains where he will again take up the work of trying to locate the band of robbers that held up the Golden State limited recently. A suspect has been arrested in Douglas and is now being held in the county jail here and there is said to be some good evidence against him. It is expected that during the next forty-eight hours other arrests will be made by Sheriff Wheeler. The sheriff has been working at disadvantages in the pursuit of the outlaws.

Luck and circumstances were against him from the start. First rain and impassable roads, and then the inability of being able to follow the trail on account of the tracks being obliterated by the storms. But by starting out to walk from the scene of the hold-up, not being able to secure horses until the next morning at a distant ranch, the sheriff kept to the chase, leading him through the Chiricahua mountains, where he found the two mail pouches containing the registered mail. Continuing on for the next two days in the hopes of discovering some clue leading up to the robbers, the sheriff finally, through visiting almost every place along the line, obtained a clue leading to the arrest of the suspect now held, and which will undoubtedly land the balance of the gang before tomorrow is over.

The running down of the gang in the face of every difficulty is a piece of work for which Sheriff Wheeler deserves credit, if ever credit was due, and is an accomplishment that was performed with little-handed and against all possible odds.

Was Nominated Sheriff.

Advices have been received here that Rye Miles, who at one time was located in Cochise county as a deputy sheriff under Sheriff Wheeler, had re-

CUT RATE MILLINERY,
Mrs. J. E. Norris
Main St. Opp. Elks' Club

ceived the nomination of sheriff on the Democratic ticket in Pima county, by defeating the present incumbent, Forbes, by quite a good majority. The many friends of Rye in the county will be pleased to learn of his victory and that he will be able to defeat his Republican opponent in the general election. Should he be elected, Pima county will have one of the best officers in the Southwest as her sheriff.

To Canvass Returns.

The board of supervisors will meet on Monday at which time they will begin the canvass of returns of the election held on Tuesday. Owing to the fact that there are one or two of the votes close on the legislative ticket, the count will be watched with interest. It is expected that the count will take all of Monday and part of Tuesday. The returns are coming in but are in sealed packages so that the results will not be known until the packages are opened.

RETURNS COMING IN SLOWLY IN COUNTY

(Continued from page one)

pledges himself to go through his term if elected, without wearing any "collar."

Frank Haynes seems to be leading Harry Thompson strongly for the nomination for sheriff. Tom Armer is nominated for this office by the Republicans without opposition.

Ed Stewart was undoubtedly re-nominated for county recorder, W. G. Duncan is the Democratic choice for assessor, Miss Crozier has been re-nominated for school superintendent, and the contest for county attorney is close between Little and Foster, according to early morning returns.

In Pima County.

Following is the Democratic ticket nominated in Pima county on Tuesday:

State senators—J. W. Buchanan, John T. Hughes.

State representatives—John P. Malory, J. Breck Richardson, James M. Treahay.

For sheriff—J. T. Miles.

Recorder—R. B. Vinton.

Treasurer—Chas. M. Taylor.

County school superintendent—Elizabeth Horton.

County attorney—Edwin F. Jones.

County assessor—Samuel Y. Barkley.

County supervisors—D. S. Cochran, N. C. Bernard.

Justice of the peace—Oliver E. Comstock, Sr.

Constable—M. F. Shaw.

Yuma County Ticket.

Sheriff, Mel Greenleaf; recorder, R. I. Winn; superintendent of schools, Miss Morrow; county attorney, H. Wupperman; supervisors, F. E. Elliott and J. H. Shanssey; assessor, A. B.

Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each
morning and wash away the
poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise: splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly. (Advertisement)
